

XPRESSLite Mobile App of IndianOilXpress for IndianOilPeople

HOW TO INSTALL/DOWNLOAD THE SUPER-LIGHT APP ON ANDROID PHONES

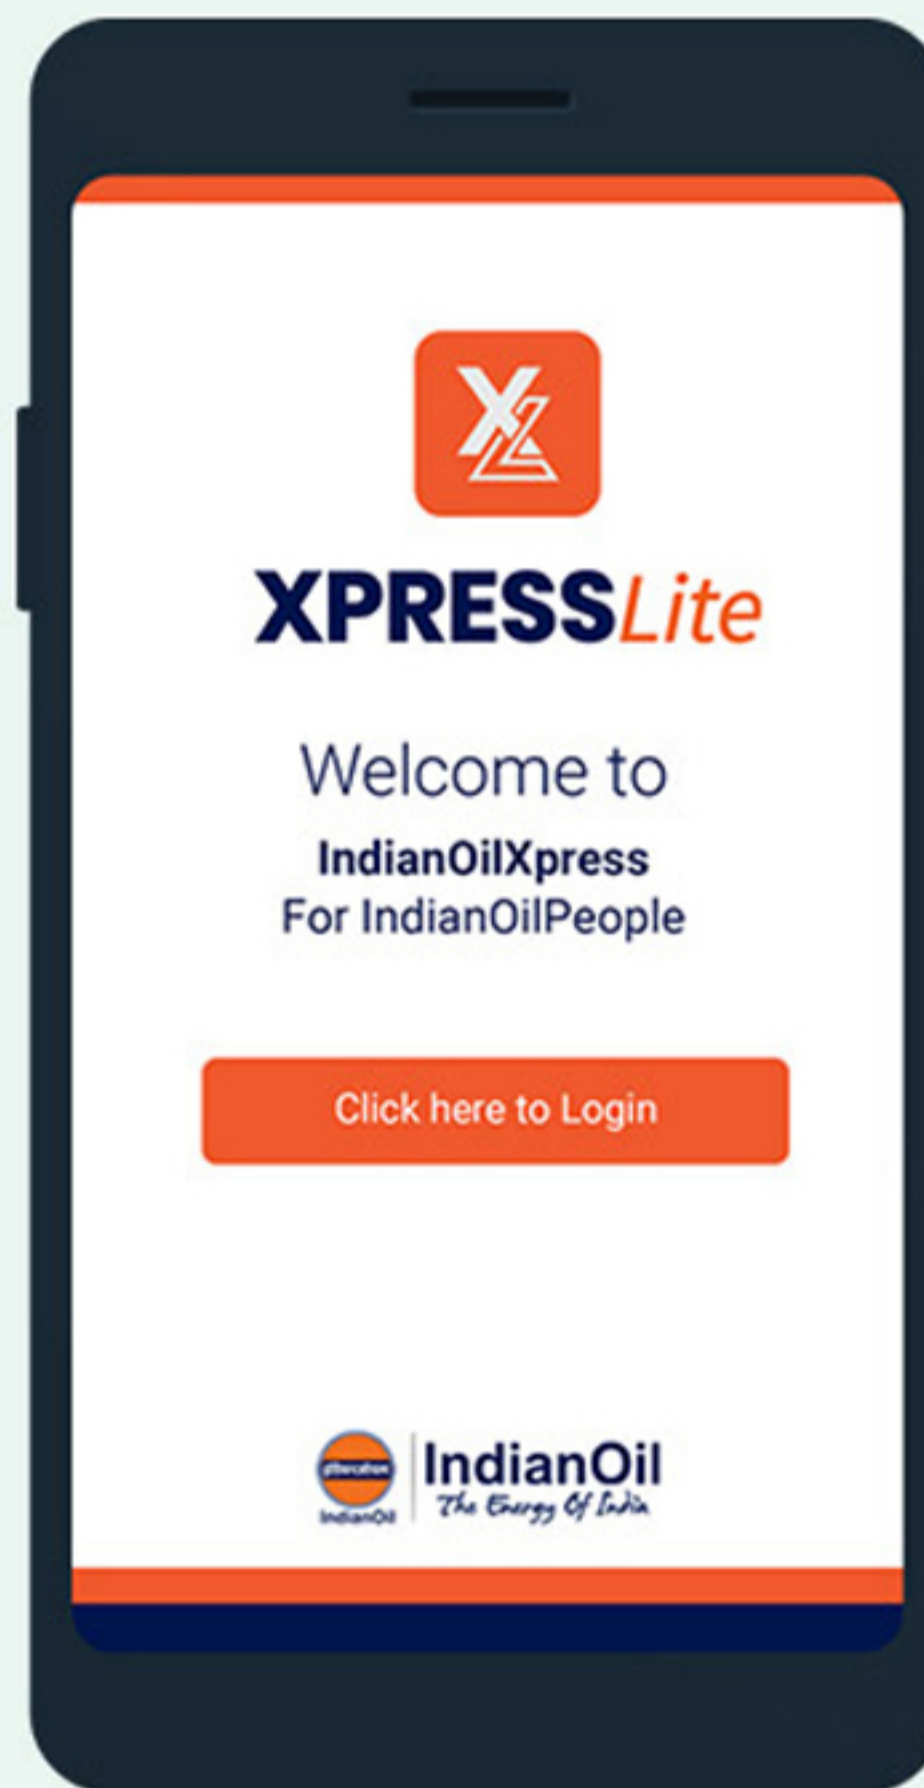

To install the application, user needs to open the link given below on Google Chrome browser on mobile device <https://pwa.indianoilxpress.com>

The app will prompt the user to add the shortcut on home screen and enable notifications.

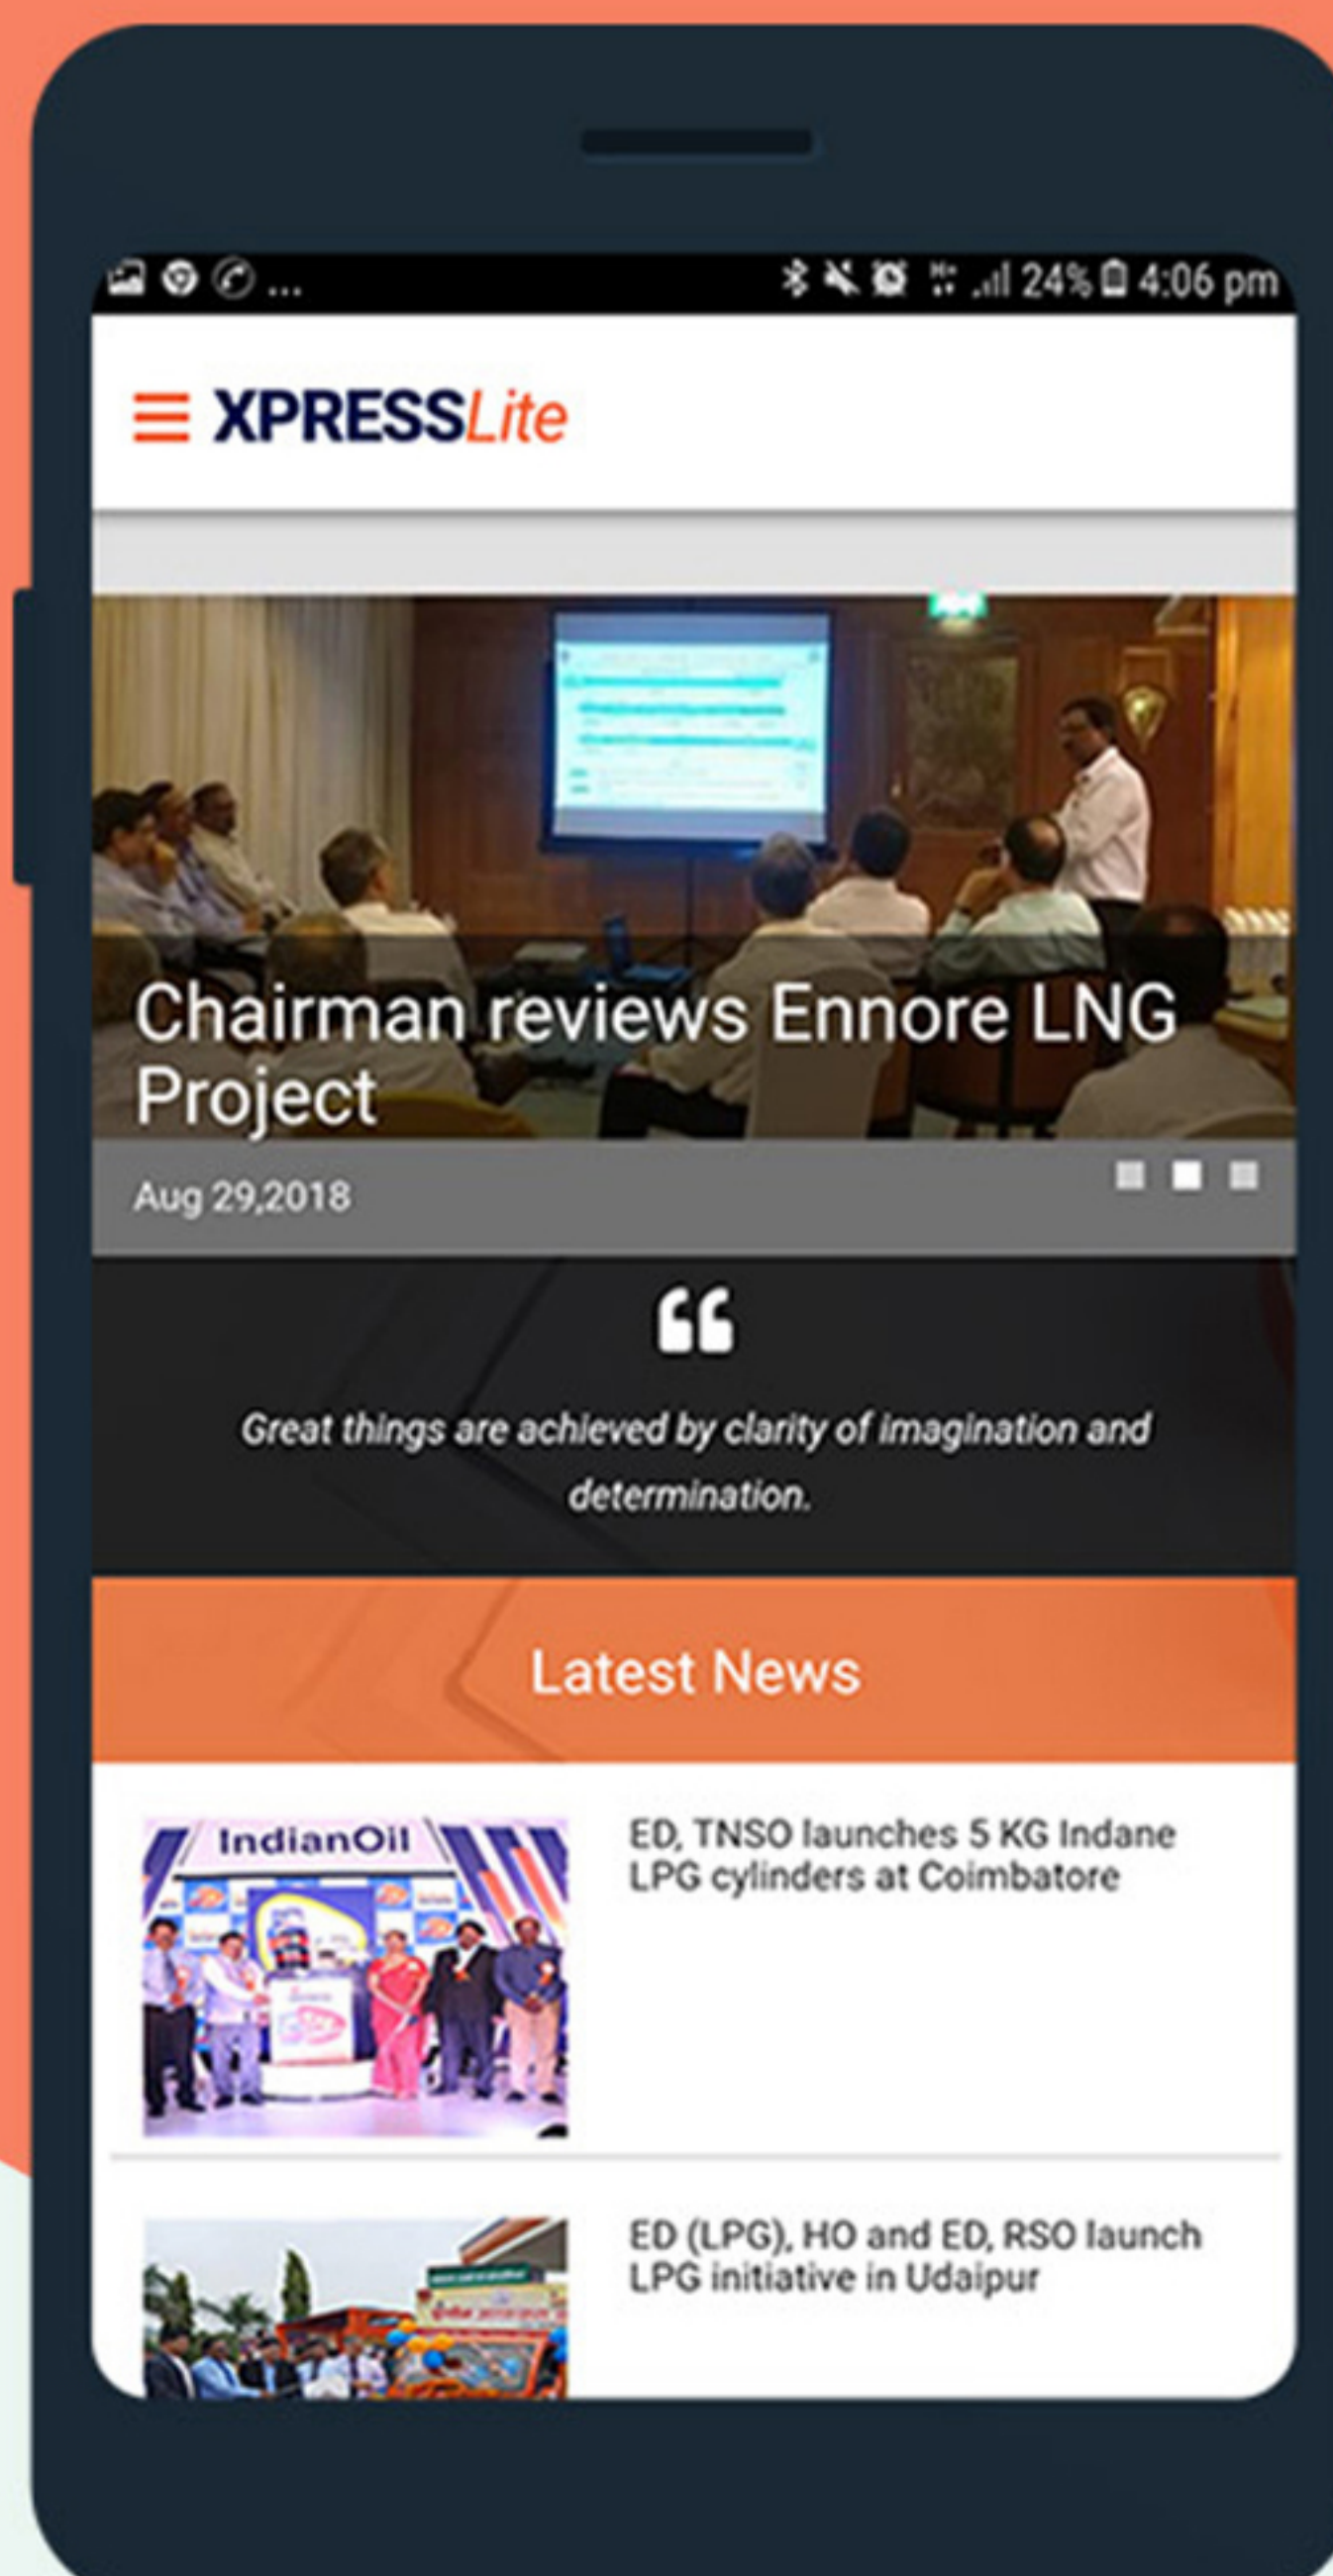

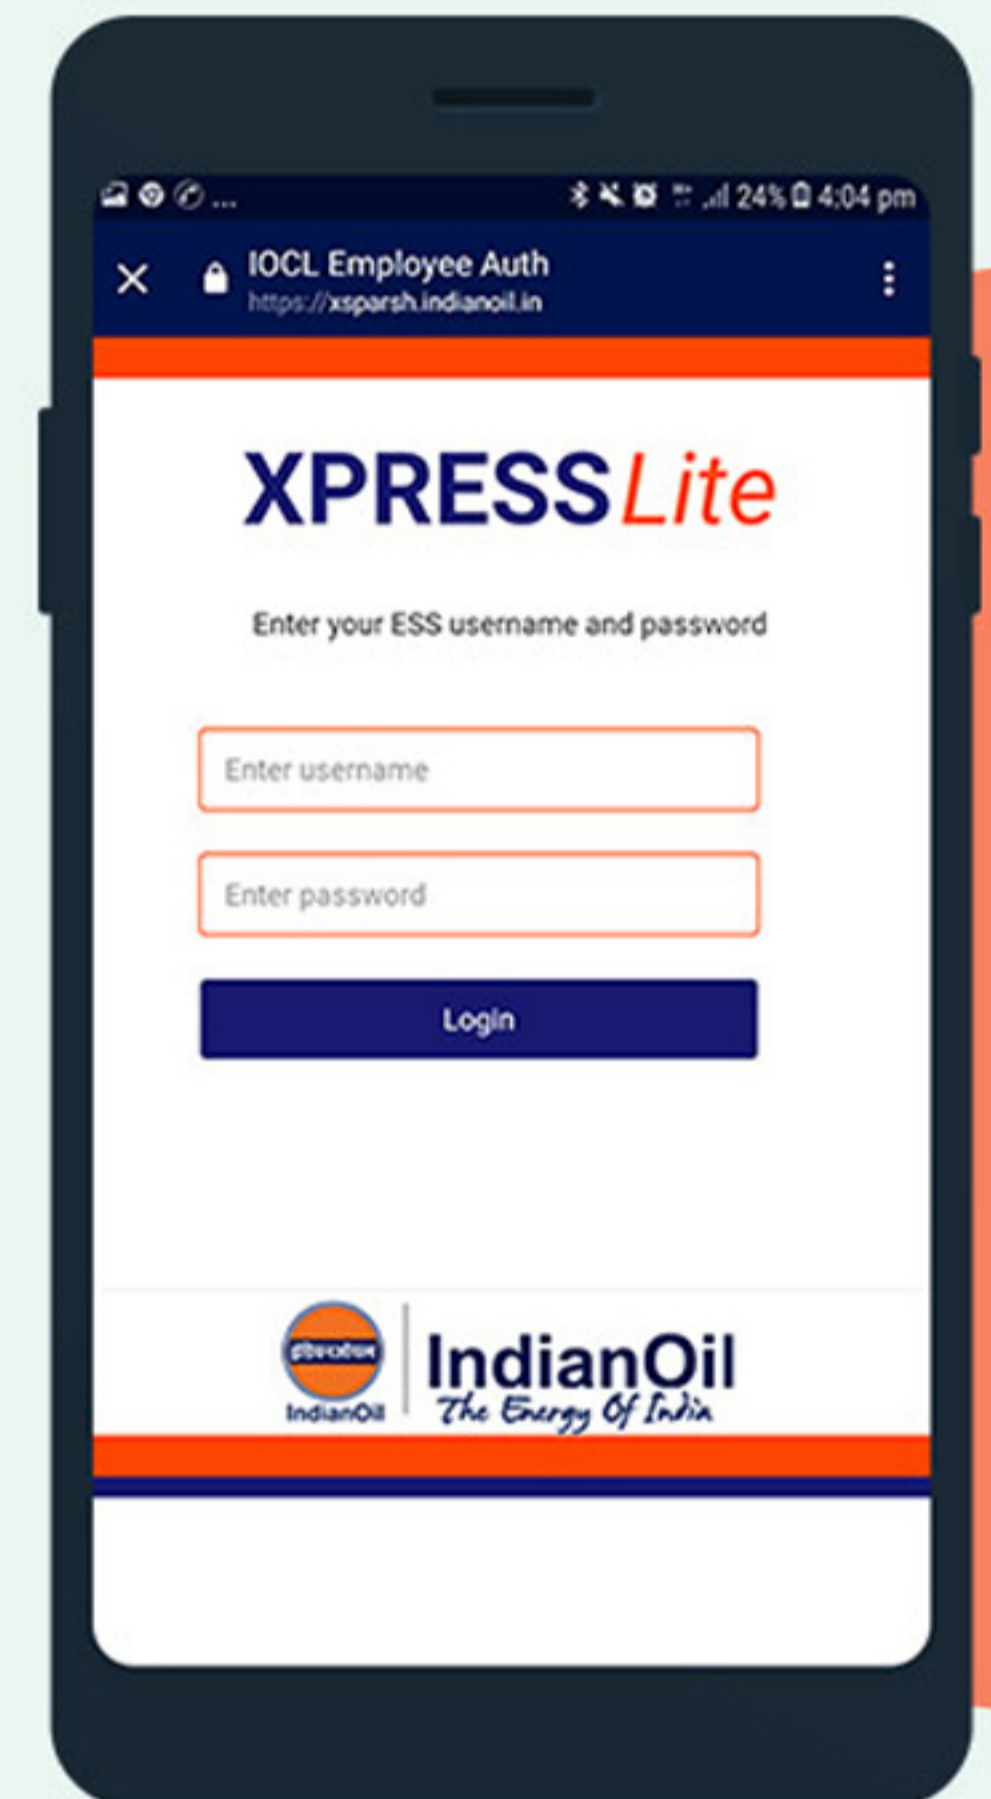

As soon as the installation completes, the  mobile app logo appears among other icons on your phone.

On clicking the logo, **XPRESSLite** splash screen shows up.

Immediately followed by the splash screen, **XPRESSLite** login screen appears.

This screen will prompt to enter your **ESS** Login ID and Password

Enjoy **XpressLite** on Your Mobile! Enjoy news on the GO!

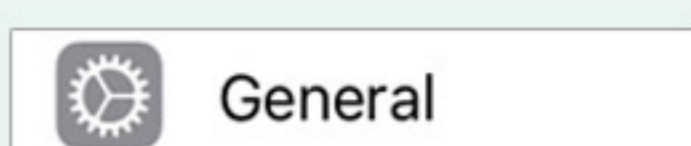

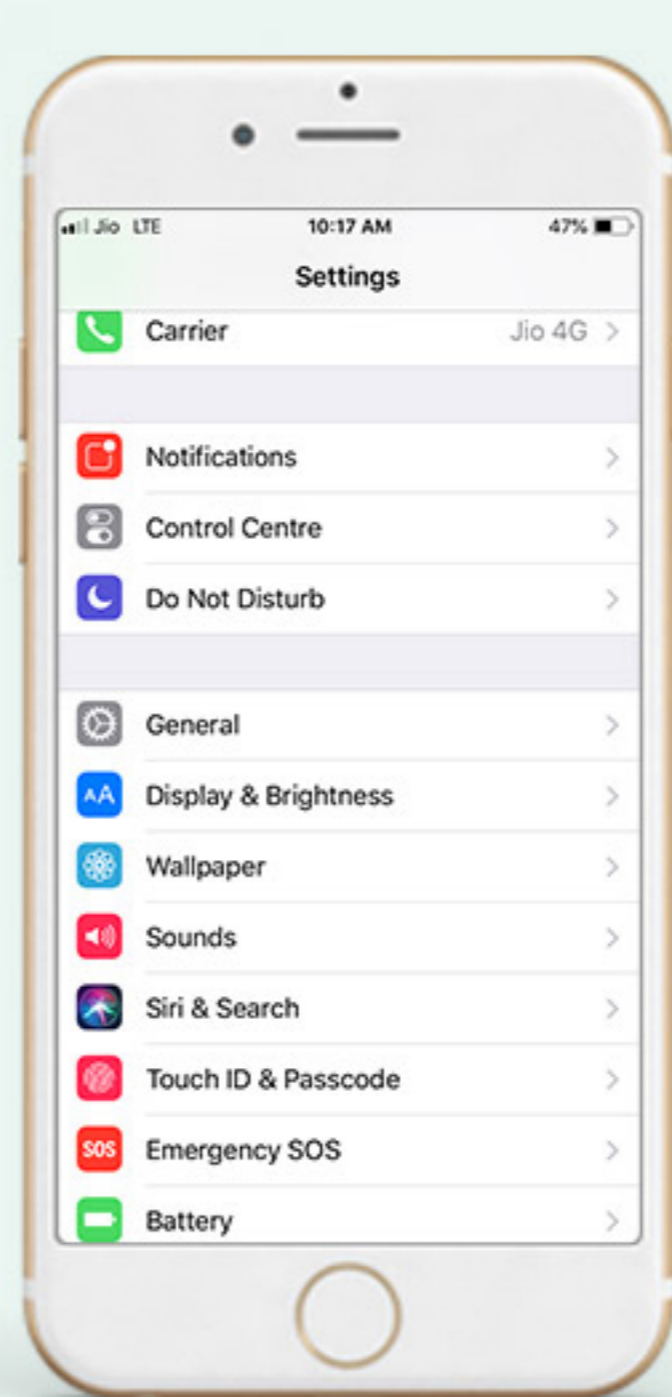

XpressLite Mobile App of IndianOilXpress for IndianOilPeople

HOW TO INSTALL/DOWNLOAD THE SUPER-LIGHT APP ON APPLE PHONES

Tap the Settings icon from your iPhone home screen

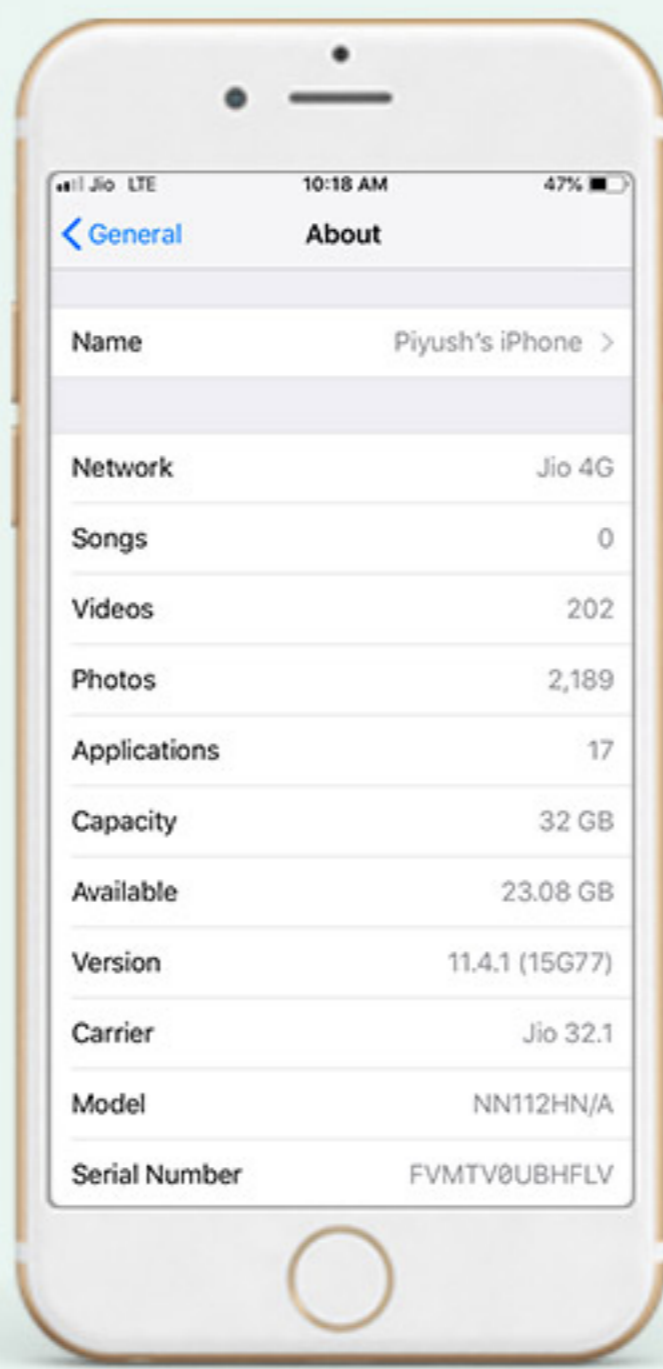

Tap on General

General settings will appear. Scroll down and tap About.

Version 11.4.1 (15G77)

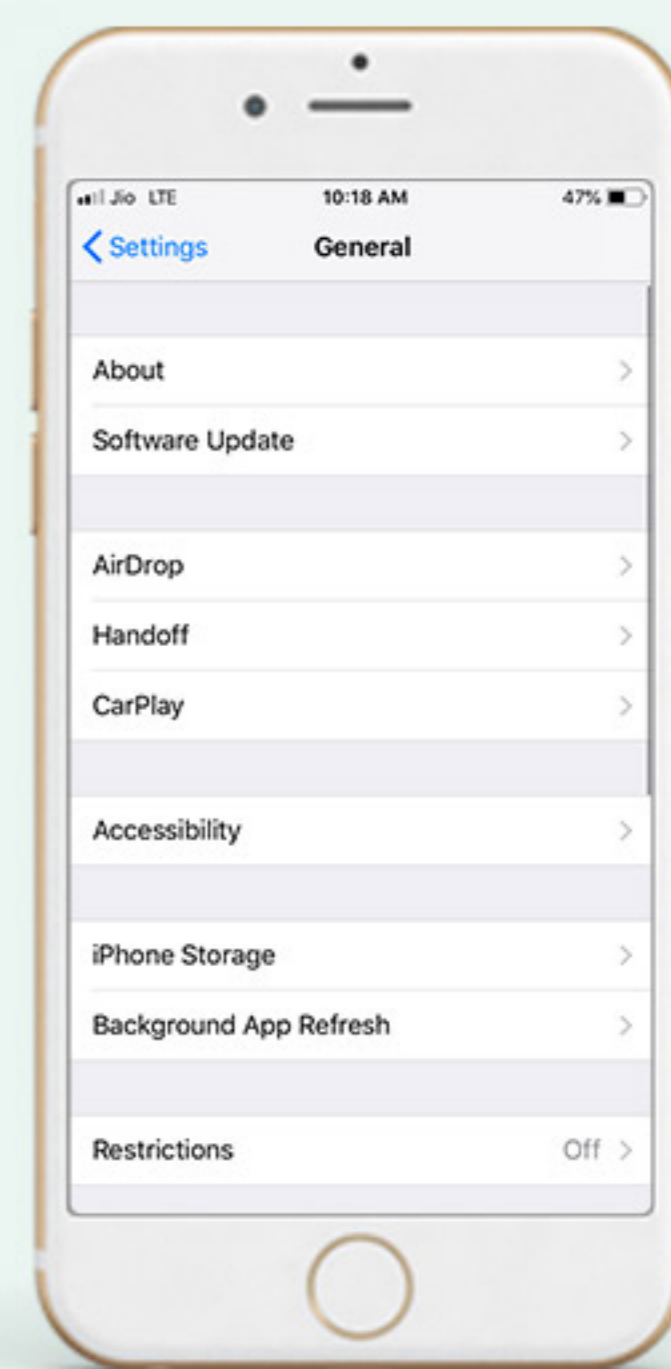

Check for OS Version

XpressLite will not work if version is prior to 11.3

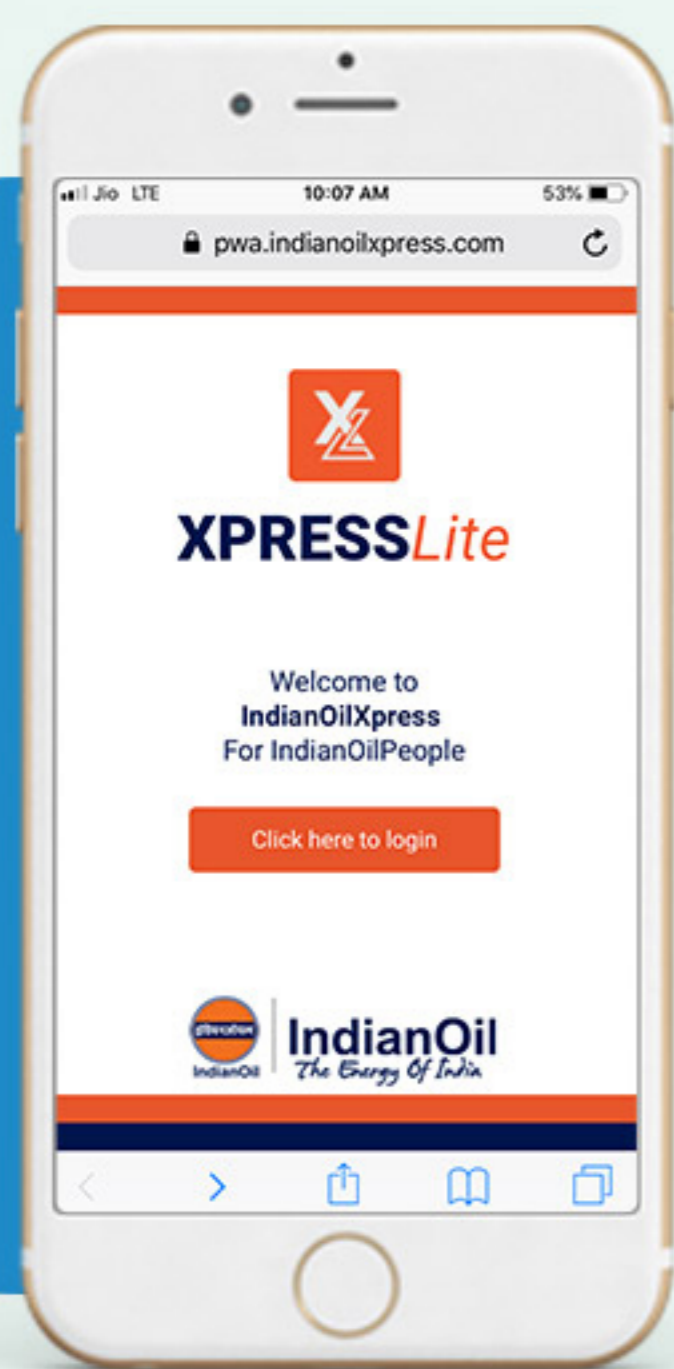

Software Update

Update your iOS version to latest available for your phone, i.e., 11.4 or above.

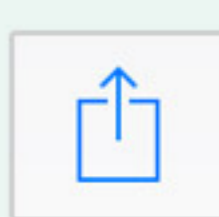

Start Installation process once the iOS is updated

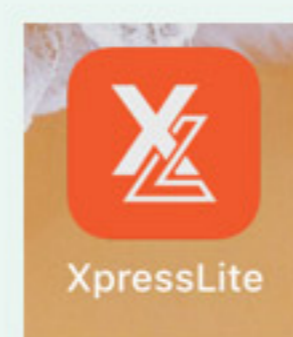

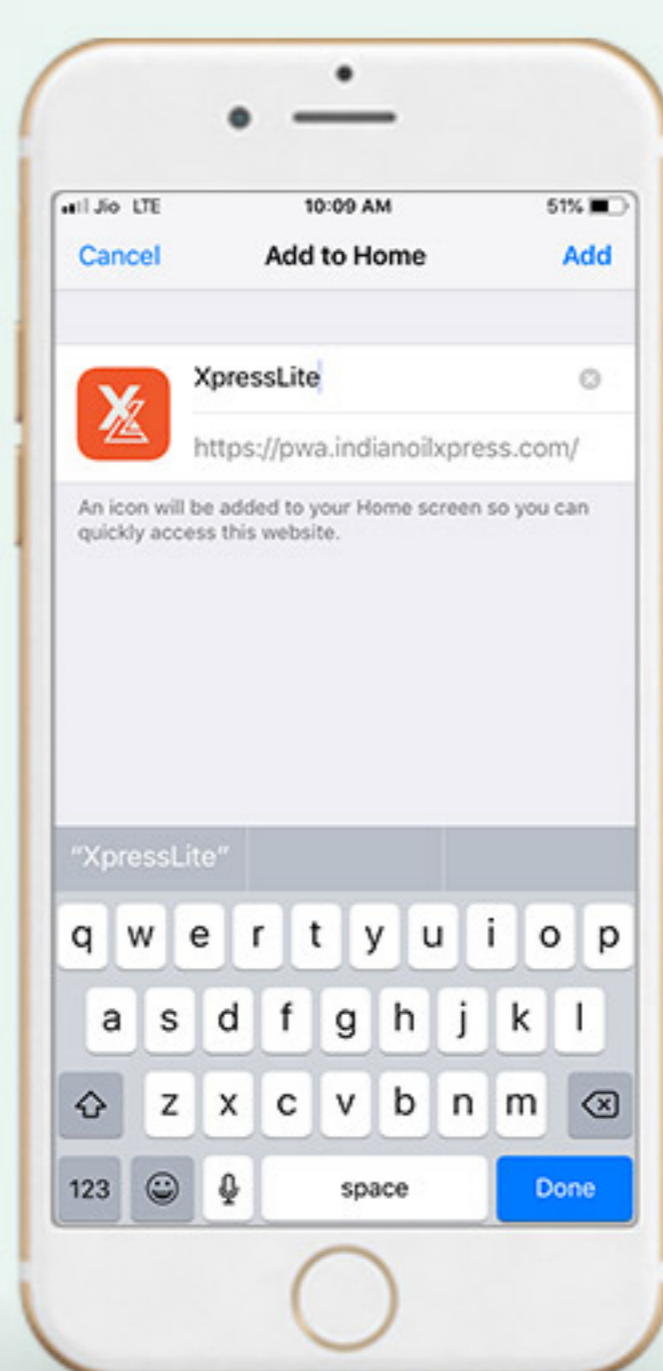

Open <https://pwa.indianoilxpress.com> on Safari browser.

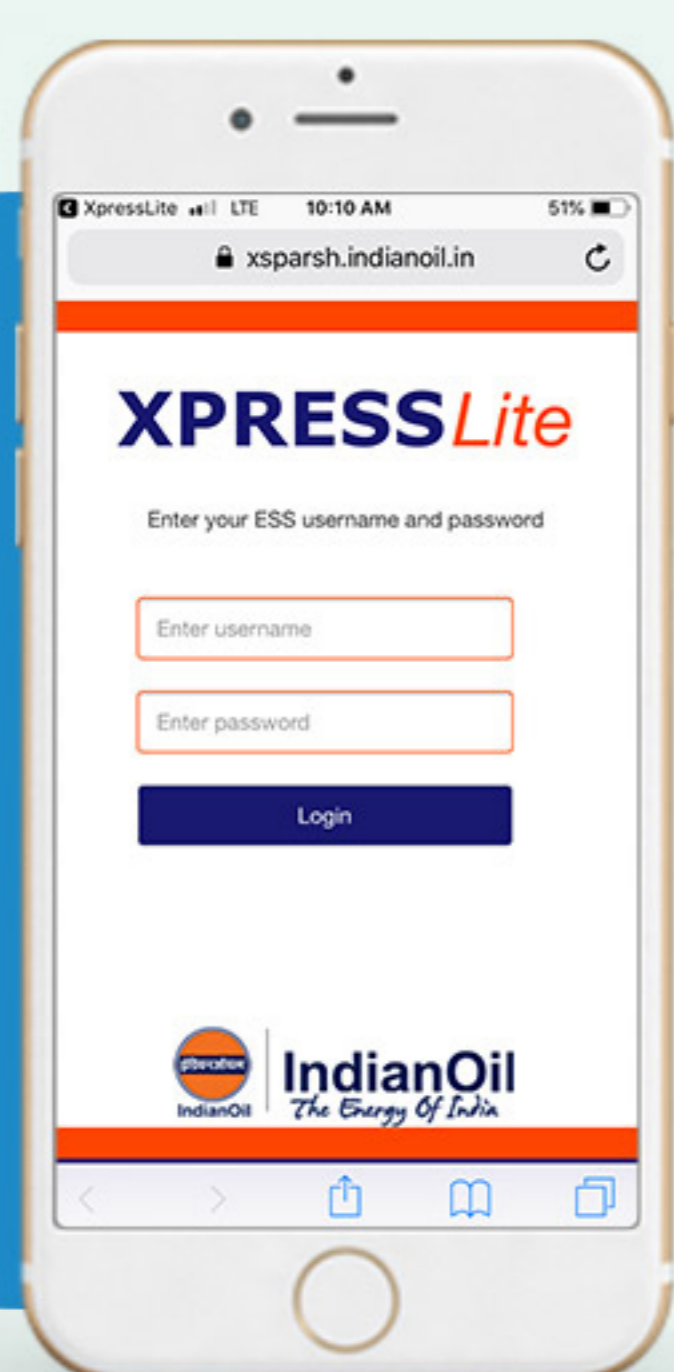

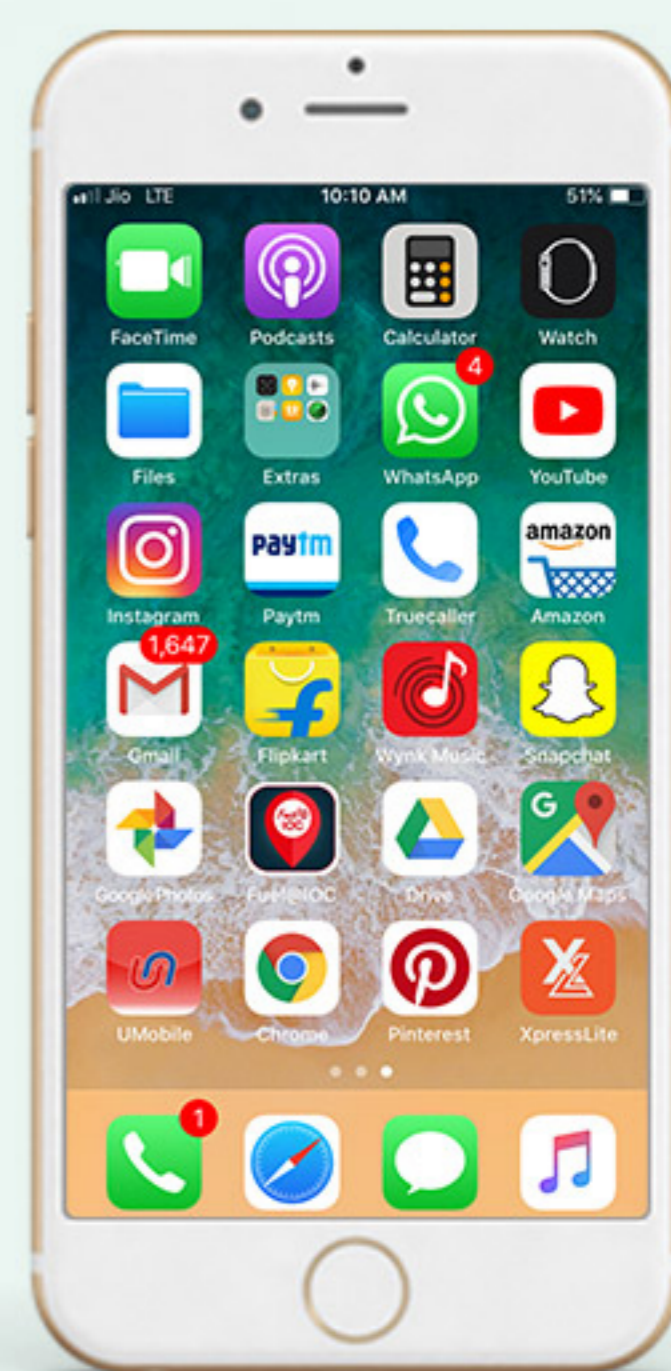

Click on  icon and scroll to "Add to Home Screen"

Add to Home

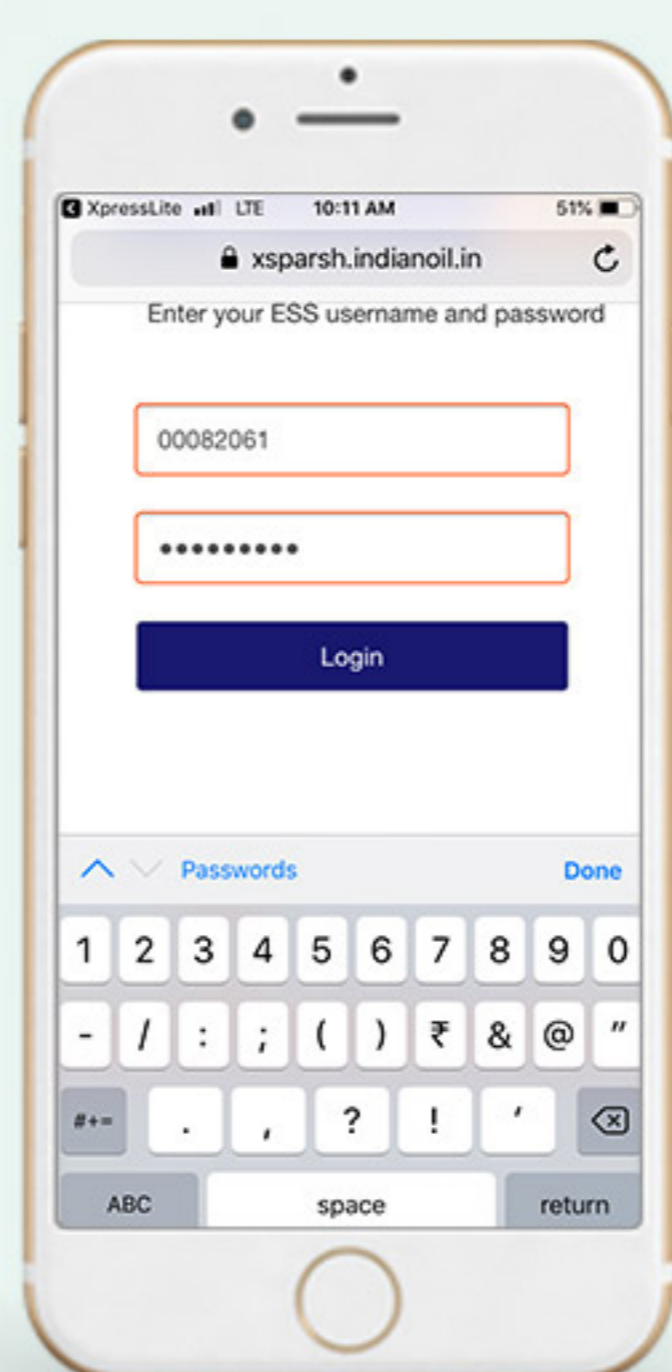

Now XpressLite icon will appear on your home screen

Tap on  icon to start the app.

Enter your ESS username and password

Click on Login button

Enjoy XpressLite on Your Mobile! Enjoy news on the GO!
